MOTION TO AMEND CONDITIONS OF PROBATION

Comes now, the defendant, by and through his undersigned attorney, and moves this honorable court for an order, amending the conditions of his probation, and as grounds therefor would show:

1. The defendant has been placed on probation and has been compliant with the terms and conditions of his probation since November 8, 1003. Because some confusion has arisen concerning the allocation of distribution of restitution, the defendant needs an order stating that the restitution payments made by the defendant will be applied to Count 5 until November 7, 2008, or until paid in full; thereafter, restitution payments made by the defendant shall be distributed proratedly as to Counts 1, 2 and 3 until November 7, 2023, or until paid in full. Any additional monies paid shall be distributed to the Florida Bar Association as reimbursement to their Client's Compensation Fund. The state has no objection to this proposed order.

2. Defendant needs to be able to attend his annual holy day feasts as selected by his church wherever they may be situated with the United States and the District of Columbia. The state has no objection, provided the defendant provides an itinerary to the probation officer, together with telephone numbers where he can be reached and any changes to the itinerary must be reported to the probation officer as soon as feasible thereafter.

3. Some confusion has arisen concerning whether or not the defendant is subject to

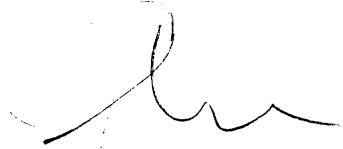

a curfew as term of his probation. The defendant needs the court to specifically state that he does not have a curfew as a condition of his probation. The state has no objection to the court deleting any reference to a curfew from the order of probation and the state has no objection to the defendant having no curfew.

4. The defendant has a need to travel outside Pinellas County for employment purposes and often, this need arises without sufficient time to contact the probation office to obtain permission. The state has no objection to the court entering an order allowing the defendant to travel outside Pinellas County for employment purposes without the necessity of obtaining prior approval from the probation officer and/or the probation department and, if necessary, the state has no objection to the defendant staying overnight if the overnight stay is solely related to his employment. The state requires that any overnight stay be reported to the probation officer at the earliest time after it has transpired.

WHEREFORE, the defendant herein respectfully prays that this honorable court will enter its order, amending the terms and conditions of probation as set forth hereinabove.
