Dear President Obama:

I have been denied ADA accommodation, and judicial process under the color of law, in a civil lawsuit in Hillsborough County Florida, the Thirteenth Judicial Circuit. Time is of the essence. My complaints to the US Department of Justice (DOJ) have either been ignored or quashed. This is a direct, personal plea to you to make the system work. This YouTube video of a Hillsborough Deputy dumping a quadriplegic man out of a wheelchair on to the ground shows the extent of the problems. http://www.youtube.com/watch?v=huRYZAJ8wzA&feature=player_embedded

Dr. Karin Huffer wrote that I face risk to life and health and exhaustion of the ability to continue to pursue justice with the failure of the ADA Administrative Offices to respond effectively to the request for accommodations per Federal and Florida mandates. Dr. Huffer also wrote:

“As the litigation has proceeded, Mr. Gillespie is routinely denied participatory and testimonial access to the court. He is discriminated against in the most brutal ways possible. He is ridiculed by the opposition, accused of malingering by the Judge and now, with no accommodations approved or in place, Mr. Gillespie is threatened with arrest if he does not succumb to a deposition. This is like threatening to arrest a paraplegic if he does not show up at a deposition leaving his wheelchair behind. This is precedent setting in my experience. I intend to ask for DOJ guidance on this matter.”

A copy of Dr. Huffer's letter is enclosed, along with a DVD of an interview of Dr. Huffer speaking about Legal Abuse Syndrome. Also enclosed is a copy of my complaint under Title II of the Americans with Disabilities Act, Section 504 of the Rehabilitation Act of 1973, Discrimination Complaint Form, OMB No. 1190-0009. Correspondence is also enclosed with Mark J. Kappelhoff of DOJ on the misuse and denial of judicial process under the color of law.

I regret using the courts to resolve a dispute. The lawyers and judges act more like members of a Mafia, as described by attorney David W. Marston in *Malice Aforethought*. Before you preach to foreign nations about human rights, I suggest looking in your own backyard. In the words of Laurence Tribe, formerly of DOJ, “The whole system of justice in American is broken.”

Sincerely,

Neil J. Gillespie
