Dear Mr. Bardes:

On or about April 26, 2010, you telephoned me at my office in Charleston, SC and stated that it was your understanding that I had been appointed or assigned by Magistrate Judge Robert Carr to look into the conditions of your past confinement in the Charleston County Jail. In addition, on May 3 I received an unsolicited packet of materials from you by mail. I have checked with the federal district court here in Charleston and am informed that I have not been appointed or assignment by any of the judges to investigate this matter. Therefore, I have not opened the packet that you sent to me and am returning it in this correspondence.

Sincerely,

H. Christopher Coates
